Report of Principal and School Improvement Council

Hillcrest Middle School experienced another outstanding year in 2013-14. With support from the community, the school continued to maintain its high academic performance status. The student population remained stable and we had minimal increase in staff numbers, but our performance remained good. This year, however, marked the first time in four years that our school did not achieve recognition from the state in regard to the Gold and Silver Awards. Our science scores dipped below the mandatory level, and we are working diligently to improve science -- all other academic areas met the standard to qualify for the respective awards. We continued our emphasis on developing Common Core standards and in assisting teachers in instruction techniques that will foment progress with the Common Core framework. Community and parental support remained an integral part of the overall school program, and our award-winning PTA contributed positively with eclectic support, from both a financial and voluntary stance. Student performance on the MAP test continued to rank very high among all the middle schools in the district -- our teachers and students all understand the importance of showing academic growth and our progress in this area is outstanding. Hillcrest Middle School has always emphasized academic performance and progress, and we continued that trend this past year. We will always stress academic achievement and the maintenance of rigorous instruction in an academic environment stressing student growth -- these emphases are critically important to the stakeholders of the school. The school is on solid footing to continue its progress to our ultimate goal.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	84.4
Overall Grade Conversion	B

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

Accountability Indicator (Title I Schools)

Hillcrest Middle School has been designated as a:

	Title I Reward School for Performance - among the highest performing Title I schools in a given year.
	Title I Reward School for Progress - one of the schools with substantial progress in school subgroups.
	Title I Focus School - one of the schools with the highest average performance gap between subgroups.
	Title I Priority School - one of the 5% lowest performing Title I schools.
	Title I School - does not qualify as Reward, Focus or Priority School.
X	Non-Title I School - therefore the designations above are not applicable.
